

Our Firm:

Phoenix Investigations is a full service private investigative agency based in the Tampa Bay, Florida area. Originally founded in 1989 as Hart and Associates Investigations, Inc.; we became Phoenix Investigations in 2003 when Todd Phoenix took over the firm. We have conducted thousands of investigations covering a broad range of investigative areas, from vehicle accidents to fraud, property damage and loss to various death investigations, as well as countless surveillance cases.

Vision Statement:

Our vision at Phoenix Investigations is to provide the highest quality service available, by combining the power of our extensive experience with every available resource to give our clients the tools they need to meet their investigative goals. This is accomplished through prompt, courteous and professional service, with an unmatched level of integrity and confidentiality.

Business Philosophy:

It's simple... be courteous, professional and prompt. It is our belief that most people rarely deal with the legal system or investigative process; therefore it is often a stressful and emotional time when they find themselves in that position.

We pride ourselves on frequent personal contact during the entire course of our business relationship.

When you call Phoenix Investigations, you deal directly with the decision makers, who have the answers you need, when you need them!
